

SAUSAGE EXPRESSIONS!

The Ten Fat Sausages experience many **different feelings** in their adventure.

For instance they feel **sad** when their friends POP!

They feel **worried** when they think about being cooked...

And they're super **happy** when they break free from the pan!

Look at the pictures in the book.

How do the sausages' faces change when they experience different feelings?

Try making the faces yourself. Use a mirror or work with a friend.

What happens to our eyes, eyebrows and mouths when our feelings change?

Can you draw the feelings on these sausages' faces?
